

## COURSE DESCRIPTION

All students are responsible for bringing their **LAPTOP, IPAD, IRPG** (Incident Response Pocket Guide), **FLHB** (Fireline Handbook), and applicable **PTB** (Position Task Book) to each class session. Additional items to bring will be mentioned in the course acceptance letter. As a student, you are responsible for double-checking your enrollment status and current address, phone numbers, and email addresses. This will help ensure that you will receive any and all information pertaining to the class for which you are enrolled. **If your supervisor has enrolled/nominated you, it's critical that you double-check your enrollment status.**

To see the updated enrollment for a class, go to [uvu.edu/ufra/training/wildland/schedule.html](http://uvu.edu/ufra/training/wildland/schedule.html) and click on the "roll" link. If you have any questions or concerns, contact Michael Alforque at [michael.alforque@uvu.edu](mailto:michael.alforque@uvu.edu) or (559) 696-5877.

### **I-300. INTERMEDIATE ICS FOR SUPERVISORS AND EXPANDING INCIDENTS**

#### **Course Description**

This course describes in detail the Incident Command System (ICS) organization and operations in supervisory roles on expanding or Type 3 incidents. Topics include ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, unified command, incident resource management, planning process, demobilization, transfer of command, and close-out.

This course was developed in conjunction with the US Fire Administration's H465 course and the Emergency Management Institute's G300 course. These courses are built on the same lesson objectives and content as the NWCG I-300 course and are interchangeable. They are all National Incident Management System (NIMS) compliant.

#### **Overall Course Objective**

By the end of this course, students will be able to demonstrate through activities and a final exam, the duties, responsibilities, and capabilities of an effective ICS in expanding incidents.

#### **Course Terminal Objectives**

Upon completion of this course, students will be able to:

- Identify the course scope, objectives, and classroom logistics.
- Given a simulated situation, identify roles and reporting relationships under a Unified Command that involves agencies within the same jurisdiction and under multijurisdictional conditions.
- Develop incident objectives for a simulated incident.
- Create an ICS Form 215, Operational Planning Worksheet, and an ICS Form 215A, Incident Action Plan Safety Analysis, using a given scenario.

- Create a written IAP for an incident/event using the appropriate ICS forms and supporting materials and use the IAP to conduct an operational period briefing.
- Explain the principles and practices of incident resources management.
- Identify demobilization considerations for a given scenario.

#### TARGET AUDIENCE

The target audience for this course is individuals who may assume a supervisory role in expanding incidents. This includes Command and General Staff positions as well as Division/Group Supervisor and/or Unit Leader level positions that may be activated during an expanding incident that typically extend into multiple Operational Periods.

#### REQUIRED STUDENT PREREQUISITES

The required prerequisites to this course are:

- IS-0100.c An Introduction to the Incident Command System, ICS 100
- IS-0200.c Basic Incident Command System for Initial Response, ICS 200
- IS-0700.b An Introduction to the National Incident Management System
- IS-0800: National Response Framework (NRF)
