World Social Forum 2024 Nepal highlights mountains and climate justice

Mountains and climate justice were highlighted in a series of events at the World Social Forum 2024 Nepal. In collaboration with Mountain Partnership member the Karnali Integrated Rural Development and Research Centre, the Mountain Partnership Secretariat participated in the Global Climate Justice Assembly, titled "Mountains in peril together for the people and planet", to discuss how to enhance the resilience of mountain livelihoods in the face of climate change. ... Climate Resilience in Central Appalachia: Impacts and Opportunities

Invest Appalachia's report reveals the region encompassing Kentucky, North Carolina, Ohio, Tennessee, Virginia and West Virginia is an attractive destination for American citizens moving due to climate change. The study emphasizes the need for policy changes and strategic investments to prepare communities for climate impacts so current residents can unlock this opportunity to build economic resilience. It concludes with recommended actions for investors and communities. ... [Read more](#)
