

UVU CALENDAR SYSTEM UPDATE

There will now be one calendar system for events.

(UVU Announce – Announcements will still be done through UVU Announce.)

25Live – for Events

The UVU Public Calendar will pull from the info put into the “25 Live” system.

- When putting events into the 25Live system, please fill out as much info / detail as you can.
- If you need to add additional info later you will need to contact Layton.

OU CAMPUS VERSION 10

Once all sites have been moved to the new template, OUCampus Version 10 will be coming to UVU. This is projected to be in the early to mid summer.

Some of the new improvements you will see in version 10 include the following:

- Gadgets – drag and drop photos, drag and drop snippets.
- To upload files and photos, you can now drag and drop from your desktop.
- Image editing can now be done without leaving the page editor.
- New ability to save and publish at the same time without leaving the page editor.
