# NEW FORMS SOLUTIONS AND PROCESSES

Nathan Gerber

Digital Forms – Why

- New VP/CIO Digital Transformation

- Proactive approach for less paper forms

- Forms gather data, data needs to be handled properly based on data types

- To help with this, we have some new solutions and processes

New Forms Request – Assessment

- Each form request will be assessed through the flow chart

- A solution will be determined to best fit the needs of the request

- The form will be built and tested

- Access to the data from form submissions will be granted as needed

- **Any request for sensitive data to be included in a form will be handled as an exception and must be approved through the security office, EAMT, and the governing bodies**

How To Request Analytic Dashboards

- www.uvu.edu/web/analytics-dashboard.php

- Dashboards will be rolled out throughout the summer

- Can request a custom dashboard but those requests will be postponed until all standard dashboards can be rolled out

**Divisional Reports
(Schools, Colleges, AVPs)**

**Departmental Reports
(Departs, Progs, Centers)**

**Campaign/Action Reports
(single campaign/action)**
