

Outside Mile Paths (parking lot area)

1. Start outside the main entrance double doors, walk up the stairs to the 2nd level of the parking lot and turn right. Walk to the end of the lot and then head left up to the 3rd level of parking. Walk to the end and then head left again, back down to the 2nd level of parking. Make a second loop and then head back down the stairs and stop at the main entrance doors.
2. Start outside the main entrance double doors, walk up the stairs to the 2nd level of the parking lot and turn right. Walk to the end of the lot and then turn around and walk to the other end of the lot. Do 3 1/2 loops and then head back down the stairs to the main entrance. This is a little over a mile.
3. Start outside the main entrance double doors, turn right and start walking on the side walk toward the end of the 1st level parking lot. At the end, turn left and walk next to the opposite parking stalls and follow the curb around the round about to approximately where you began by the rocks. Do 4 laps and stop outside the main entrance doors. This is just over a mile.
4. Start outside the main entrance double doors, walk up the stairs to the 2nd level, walk up the next set of stairs to the 3rd level. Follow the path that leads up to the 4th level of parking and then do the last set up stairs that will take you to the 5th level of parking. Walk to the curb on the opposite side and then turn around and head back. Do all this one more time and end at the main entrance.
