COLLEGE OF ENGINEERING  
& TECHNOLOGY

## SALARIES & JOB OUTLOOK IN ENGINEERING

---

Employment of civil engineers is projected to grow 11 percent from 2016 to 2026, faster than the average for all occupations. As infrastructure continues to age, civil engineers will be needed to manage projects to rebuild, repair, and upgrade.

The median annual wage for civil engineers was \$86,640 in May 2018.

---

Employment of computer hardware engineers is projected to grow 5 percent from 2016 to 2026, about as fast as the average for all occupations.

The median annual wage for computer hardware engineers was \$114,600 in May 2018.

---

Employment of electrical engineers is projected to grow 7 percent from 2016 to 2026, about as fast as the average for all occupations.

The median annual wage for electrical engineers was \$96,640 in May 2018.

---

The median annual wage for mechanical engineers was \$87,370 in May 2018.

---

Employment of mechanical engineers is projected to grow 9 percent from 2016 to 2026, as fast as the average for all occupations. Job prospects will be the best for those who stay abreast of the most recent advances in technology.

# WHAT DO YOU NEED?

If you need a career that will satisfy your natural curiosity, fuel your passion, show off your ability to prioritize, allow you to work within a team environment, and fully display your dedication to finish a project, then Engineering should be high on your career choice list.

Do you need a program to be flexible around your work schedule? UVU provides a variety of schedule options with daytime, evening, weekend, and online courses. This is an outstanding opportunity for those students who need a flexible approach to a college education.

## DEGREES OFFERED

---

### 2-YEAR DEGREE

Associate of Science,  
APE Pre-Engineering

### 4-YEAR DEGREES

Bachelor of Science  
in Civil Engineering

Bachelor of Science in  
Computer Engineering

Bachelor of Science in  
Electrical Engineering

Bachelor of Science in  
Mechanical Engineering

## WELCOME TO ENGINEERING

---

The mission of the engineering department at Utah Valley University (UVU) is to provide a strong engineering foundation with a hands-on component to prepare professionally competent engineers of integrity who serve the engineering needs of the region and the globally interdependent community.

We provide a broad foundation through combined classroom and laboratory work and prepare students to enter the profession of their choice.

Our programs will also prepare students for further studies at the graduate level, should they decide to do so.

## THIS IS WHERE YOU ARE GOING

---

The UVU Department of Engineering will prepare students for jobs as engineers, consultants, construction supervisors, and positions with local, state, and federal government agencies or in the biomedical and aerospace fields, manufacturing sectors; transportation industry, and high tech and energy sectors.

**With four main disciplines:**

Civil Engineering  
Computer Engineering  
Electrical Engineering  
Mechanical Engineering

Plus, with a rigorous Pre-Engineering program, students will be prepared to enter the workforce and make a positive difference in the world.
